Dog Parks and Off Leash Areas

Dogs are allowed in most Victoria parks provided they are licensed and on a leash.

[Willows Beach](#)

Beautiful sandy beach to walk along, lots of dogs off leash. Low cement wall provides some barrier to nearby road. No dogs allowed on Willows Beach from May to September.

[Cattle Point](#)

This rocky point runs along the coastline of Oak Bay with spectacular vantage points with ample parking, picnic tables and benches. Located off Beach Drive across from Uplands Park and dogs are permitted off-leash year-round.

[Uplands Park](#)

This 30.635-hectare natural park between Beach Drive and Lansdowne Road provides informal trails with excellent examples of Garry Oak meadow and associated ecosystems. Dogs must be leashed during April to June but are free to be off-leash from July through March.

[Dallas Road Beach](#)

Located at the South end of Dallas Road Beach near Beacon Hill Park. Fabulous view looking out to the Pacific where dogs can be walked off-leash year-round.
